Executive Summary

This term paper deliberate learning that composed evidence about “Training & Development that is monitored and practical by Janata Bank Limited. Process of findings and analysis comprise equally primary and secondary data.

The process of analysis comprises incidence circulation of the composed data. The primary data was composed by face to face discussion with officers and customers and the secondary data was collected from company’s annual reports, website and other yearly reports.

This report also comprises overview of Janata Bank Limited, services and products, working experience during the internship period and operation of foreign exchange department of JBL. The report also comprises the circumstance that the analysis accompanied has limitations. Based on the data, this report finds that most of the customers are pleased with superiority of service delivered by the foreign trade department of JBL. However, in case of overall environment, service charges, and timeliness, some of the clients were discontented with the facility eminence of the Foreign Exchange division and but due to some schmoosing blunder some postcard possessions clients are displeased to JBL. JBL should emphasis on these matters in order to recover their superiority of facility in Foreign Exchange division and card divisions. A bank’s performance and revenue mostly depends on its divisions.

Under Human Resource Management Training and development is the crucial part. It emphases on meliorating abilities, information that enterprise performance. It shows effective performance which can recover company’s efficiency.

Training and development is a process by which an organization makes their employee to build up their working capability. Plans hold direction that adapt employee strategies and procedures to educate them. Training and development is a current procedure for educating all employee. Though technology is fast shifting, it helps to create new challenges.

I have accomplished my internship at JBL because I have chosen to work in this area and I consider JBL is the best institution for all segments because of its decent accommodation, as long as finest reciters to the trainees, and it also has a refined administration process.

INTRODUCTION
1.1 Introduction:

For completing my graduation, I am required to prepare a report on the basis of organization activities. As a student of Human Resource Management major, I am lucky to get an internship in Janata Bank Limited, Kawran Bazaar branch. This branch where I was doing my internship is one of the biggest branches of JBL. This branch has general banking and some basic banking too. This branch has also loan and credit department. As an intern of JBL, I was assigned to work in deposit department of JBL Kawran Bazaar branch. As I was working in the deposit section so it is quite tough as a HRM graduates to select report topics. Basically, I select training and development for my internship report. In this report I tried to give all information about JBL training and development process such as what kind of training process they follow, data collection method. This report is the result of three months’ internship program at Janata Bank Limited (JBL), Kawran Bazaar Branch.

This report is based on training and development process of Janata Bank Limited Kawran Bazaar branch. Without proper knowledge and skill any person does not survive in this competitive world. Business world is challenging day by day. In this report, I showed different types of training and development process that are providing by the JBL Kawran Bazaar branch.

To understand training and development process I make a detailed study on the training and development of the JBL. In this Internship report, I also focus on the training and overall performance of JBL. This report is mainly based on the information that I have collected from Janata Bank Limited. I have thoroughly analyzed the necessary information that I have collected through my Internship period in Janata Bank Kawran Bazaar branch and tried to make this study according to the instruction and assigned requirements of my advisor.
1.2 Background of the study:

My internship report has prepared under the instruction our honorable intern supervisor & Assistant Professor “Ms, Nasrin Akter” of School of Business & Economics, UIU. I have got opportunity to work Janata bank limited. My work place was Janata bank Kawran Bazaar branch. My main focus of JBL is to understand what kinds of training they are follow for their employees.

1.3 Objective of the study:

There are two types of objectives. Such as-

- General objective.
- Specific objective.

General objective:

To present the procedure of training and development of Janata Bank.

Specific objective:

- To understand proficiency of employee after their training session.
- To progresses simple talents intended for fresh applicants by means of the requirement.
- Identify the difference between private bank and JBL.
- To know about issues that will progress the performance of Janata Bank.

1.4 Tactic of the report:

To gain specific objective of the study, I composed information equally primary and secondary sources. Basically it is governed by inferior documents that I collect since JBL and other sources. On the other hand, the officers of Janata Bank help me to collect information.

1.4.1 Approaches of collecting data:

In this study, I used primary and secondary sources of information. Those are given below-

1.4.2 Prime data:

Talk with the officers, practical observation, discussion with the clients.

1.4.3 Inferior data:

For collecting data, I gathered information which is given below-

✔ Collecting data from annual report of 2018 for preparing internship report.
✔ Gathering information from workplace records of JBL.
✔ Also got help from lot of books which is related with my report topics.
✔ composed monthly and annually data printed forms.
1.5 Sample size:
Investigation enquiries comprised 14 questions and 10 accuse. The expected population was the Kawran Bazar corporate branch. I fixated troop conversation on behalf of the research. I compromise enquiries and deliberated topics for the training program.

1.6 Scope of the study:
The scope of study is only inadequate several limitations. The statement may not shield every functions of HRM. Moreover, the situation converses the training and development system of the bank. The branch office does not rehearsal diverse and self-governing training and development system.

1.7 Limitations of the study:
There is some limitation which I mentioned here. These are-

✓ Lack of information or data.
✓ Time constraint.
✓ Secrecy of information.
✓ Comparison status.
✓ Lack of experience.

FICTION REVIEW
**Fiction review:**

Individual Strength administration esteems teaching and progress as effort fretful through legislative achievement piercing that enhancing the implementation of society and groups. It depicted “informative make that comprises and refining aptitudes, altering and gathering data so that it can recover the implementation”. It seems that it additions the whole organizational recital and Formulating has the imperious part within the achievement of an organizational objective which tells to the edge of the organization and the labor force (Stone RJ. Human Asset Administration 2002).

According to the Michel Armstrong, “Training is systematic development of the knowledge, skills and attitudes required by an individual to perform adequately a given task or job”. (Source: A Handbook of Human Resource Management Practice, Kogan Page, 8th Ed., 2001)

The term ‘training’ indicates the process involved in improving the aptitudes, skills and abilities of the employees to perform specific jobs. Training helps in updating old talents and developing new ones. ‘Successful candidates placed on the jobs need training to perform their duties effectively’.

Be in harmony with China Gorman (2017), “firms produce opposition. It extremely essential that training and development enlarged opposition to support the institution on its tactical path”.

Frankin Dang Kum (2014), “administrative efficiency reduced employees are not operative in the organization. He also composed information with inadequate investigation for the employees of where population size 60 out of 87 employees”.

Prakash R. Pillai (2008), “discover human resource to improve condition for all employee. He also said that capable persons measured valuable assets for the companies. It is concerned about management talent and keep them important assets”.

Sthapit (2012) opinion about “human resource development devours big effect on the taxation. According to his opinion, “Middle manager do this study in Feb-March 2012 at Nepali development bank and it was built in July 2002 to May 2011”.

According to Onattu (2007), “the international market looks for capable and skilled person. It was crucial investigation which based on questionnaire and done by 60 respondents”.

There are various authors who shared their views regarding the role of training and development in different aspects. The following Table 1 provides the opinions of different authors regarding the view of training and development.
