CHAPTER # 04

RECOMMENDATIONS AND CONCLUSION
4.1 Recommendations

During my stay at HAVAS MEDIA BANGLADESH LTD. I observed some vital issues that the organization should look into. According to my observation, some of my recommendations are given below.

- Day by Day the number of clients is increasing. To fulfill the increasing requirements of the clients, HAVAS MEDIA BANGLADESH LTD. must have to expand its workforce.

- Media agency is very competitive. So if an employee of one agency flies to another competitive agency, it creates a bad impact on the agency. So they need to retain their employees.

- More Training facilities can be provided from Havas Global network which will motivate the employees with the global knowledge which may make them more productive.

- To increase more transport facility for traveling clients’ office, media office or other official activities.

- HAVAS MEDIA BANGLADESH LTD. should participate in CSR activities.

- The payment structure of the interns are less through the workload is too high. Especially work hour for Interns should be observed and sustained.
4.2 Conclusion

Lots of new Media agency has been established in last few years, and these Media agencies have made this Media agency industry very competitive. Most of the Media agency success depends on meeting the expectations and needs of its participating clients.

So overall of my analysis, I can say that HAVAS's services are satisfactory and continuously meet the challenges of developing new products and services to match the specific requirements of clients. In future, HAVAS MEDIA BANGLADESH LTD. can reach the top Media agency by providing consistent client service.
