Book unveiling ceremony held at UIU

Staff Correspondent

A BOOK unveiling ceremony titled 'Stochastic Processes and their Applications in Business' was held at United International University auditorium in Dhaka on Saturday.

The purpose of the book was to help students and researchers understand the basic concepts of stochastic processes and to equip them with skills necessary to conduct stochastic analysis, said a release.

University Grants Commission chairman Kazi Shahidullah unveiled the book as the chief guest while UIU vice-chancellor Chowdhury Mofizur Rahman presided over the ceremony. UIU pro-vice-chancellor Hasnan Ahmed, vice-chancellor of different universities, and teachers were present, among others.
